

**BENFLEET TEAM
SUPPORTING ALL**

Research demonstrates that high quality CPD for teachers has a significant positive effect on pupil outcomes and is the most cost-effective way to boost pupil attainment

THE BENFLEET TEAM SUPPORTING ALL

Tots Talking Facilitator Training

Enable preschools to work with parents/carers to improve language skills of children aged 2-3 year old

This facilitator training is offered to all pre-school/nursery early years practitioners to enable them to provide the Tots Talking programme through weekly parent/carer workshops to support the language skills of children aged 2-3 years old.

SUITABLE FOR PRE-SCHOOL/NURSERY SETTINGS

Tots Talking Facilitator Training

Tots Talking is a programme developed to help parents/carers improve the language skills of their children before they start school. It is aimed at parents/carers of preschoolers, aged 2-3 years old, at risk of having language difficulties (It is not aimed at parents/carers of children with SEND). The programme is delivered during 8 weekly 1-hour sessions hosted by early years practitioners. The programme is supported by the *Tots Talking app* (that parents can access via their phones) and by Speech and Language UK.

The BTSA **Tots Talking Facilitator Training** offers pre-schools/nurseries the opportunity to train members of staff as facilitators to host the weekly parent workshops. Facilitators are required to complete this training before they can deliver the Tots Talking programme to parents. Our certified host will train members of staff to deliver the Tots Talking programme and provide guidance on using the Tots Talking app (iOS and Android) which supports child and parent/guardian participation.

Our facilitator is also available to host the first set of parent/carer workshops if required.
